ROG 12BH

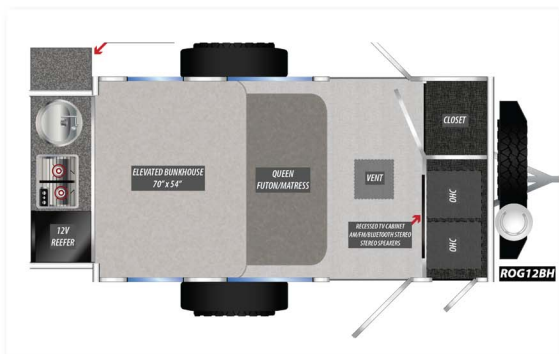

The ROG 12BH puts the adventure in Adventure Trailer! The unique layout sleeps 2-5 people in a hard-sided camper that fits inside a standard size garage and with a base weight of just 1790 lbs. is towable by most vehicles. The 12BH's all-aluminum frame and composite construction is 100% wood-free and built to last a lifetime. The rear slideout kitchen sets up in less than 15 seconds and features a two-burner stove, stainless steel sink, 12V refrigerator, flip-up countertop extension and plenty of storage. The optional roof rack is ideal for transporting kayaks, canoes, or even a roof top tent for additional sleeping space. The ROG 12BH is Adventure Ready...are you?

- All-Aluminum Cage Frame
- 100% Wood-Free Construction
- 12,000 BTU LP Furnace
- 27 Gallons Fresh Water
